WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

Petition Under 35 CFR 1.378(b) To Reinstate Patent

Sir:

Safariland LLC, owner of US Patent No. 6,349,667, through its undersigned counsel, hereby petitions for reinstatement of US Patent No. 6,349,667 which is currently listed as expired for failure to pay the eighth year maintenance fee.

This petition is brought under 35 CFR 1.378(b) which authorizes petitions for reinstatement of a patent that expired because of an unavoidable failure to pay a maintenance fee. The standard is a showing that the delay was unavoidable since reasonable care was taken to ensure that the maintenance fee was paid timely and that the petition was filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent.

This petition is based on the fact that outside counsel, who had obtained the patent and who had paid the first maintenance fee, unilaterally turned the patent back to the owner for handling of the second maintenance fee.
